

COME WITH ME

Come with me; let me feel the warmth within you.
Come with me, and cover me with your kisses,
Throughout any path we take,
Through the road chosen by our love.

Come with me, even if you are not here.
Come with, because I only depend on you.
Can't you see it is cold outside? ... And it's easy for love to die?
If you are not around, what will become of me?

Come and follow me, or walk beside me if you think it is better.
Come and follow me, I am needing you now,
I feel my soul beating; I cannot stand it any longer,
My heart keeps spinning around and around.

I love you, I miss you, I think of you, I long for you.
I love you, I cherish you, I want you, I adore you.
My soul longs for your return; my body wants you to express yourself,
I will keep myself for you like a beautiful treasure.
